SAINT OF THE WEEK

- St. John Paul II lived from 1920-2005, serving as pope from 1978-2005.
- In his early years, he survived the Nazi occupation of Poland, and as pope, he miraculously survived an assassination attempt.
- He was an intellectual giant who also had a special heart for the Eucharist, Our Lady, young people, and Divine Mercy.
- He travelled so much during his papacy that historians believe he was seen in person by more people than any other individual in history!

THE WEEK IT WAS

- Students enjoyed a the beautiful weather at recess and gym!
- Many of our students attended a fun-filled Trunk-or-Treat to cap off a great week! Thank you to our amazing Parent Guild for organizing!
